# YOUR BENEFITS

### GROOVE CREATOR & QUICK SAMPLING

With Groove Creator, buttons and knobs are all you need to create contemporary electronic music and sound like a pro. Capture sound from outside of your instrument using the AUX input, microphone input or even by importing files from a USB storage device, and then play those sounds directly from your keyboard. The possibilities are endless!

### LIVE CONTROL KNOBS

The two Live Control Knobs make it easy to manipulate and interact with the sound you produce as you play. The ability to set the filter cutoff frequency to change the brightness of the sound and control effects in real time helps bring your performances to life.

### PREMIUM SOUND QUALITY

The Super Articulation Lite function lets you realistically simulate the distinct ways each instrument is played — for example, the scratch sound of a distorted electric guitar or the harmonics of a nylon-string guitar. In addition, the PSR-EW425 features premium organ sound created with samples from high-end Yamaha YC Series.

### MOTION EFFECT

The Motion Effect function lets you instantly add effects while you play that can, morph the sound with a filter, create pitch risers, add tape stop effects & slices, or other new dynamic sound effects. All by simply holding down the button!

### DIRECT CATEGORY ACCESS

Yamaha added Direct Category Access buttons to the user interface. Push the buttons for instantaneous access to the Voices and Styles you need for the musical genre of your choice.

### MEGA BOOST

Press the Mega Boost button to add +6dB of powerful volume! This function adds 6Db to the current volume level set by the volume know. Adding a boost to the instruments speaker volume allows you to play with others or be heard above the crowd, even without a PA system.

### MIC INPUT & VOCAL EFFECT

Connect a microphone and sing along with your playing while using built-in studio-quality vocal effects, giving you everything you need for a pro-sounding performance.

### INDIVIDUAL L/R OUTPUT

Both PSR-E473 and PSR-EW425 come equipped with left and right audio outputs that allow you to easily connect to PA systems and studio equipment – you also have a dedicated headphones jack

# MAKE YOUR FIRST KEYBOARD THE BEST

## YOUR BENEFITS

### EXPRESSIVE PLAYING PLEASURE

Play the keys strongly and the sound gets louder. Play them softly and it becomes gentle and delicate. This expressive touch response function brings out even the most minute sound nuances in your performance. In addition, a vast variety of instrument Voices, including pianos, guitars, bass, drums and many others—plus a wealth of built-in songs—further expand your pleasure as you play. Use to play anywhere. The 76-key keyboard of PSR-EW320 even covers a greater range, allowing you to authentically play even more piano piece.

### HAVE FUN, GET BETTER

These keyboards feature 3-step Lessons that let you practice according to your own personal level, allowing you to practice with just your right hand, or your left hand, or both hands together with the built-in Songs, and practice the same phrases repeatedly as needed. It also evaluates your practice sessions, giving you feedback and even greater practice enjoyment.

### AUTOMATIC BACKING MADE EASY

Simply by playing the root note of a chord (or the full chord), the powerful Style features automatically add rhythm, bass, and chordal backing notes to perfectly match the chords you play—easily allowing you to enjoy playing as if you were performing with an entire backing band. In addition, the Auto Chord Play function lets you automatically produce musically appropriate chord progressions and further expand your musical horizons.

## YOUR BENEFITS

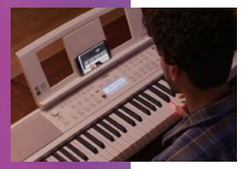
### GLOWING KEYS MAKE FIRST-TIME PLAY AND PRACTICE A BREEZE

Simply press the keys in time as they light—and enjoy playing, even if you can’t read music or have never touched a keyboard before. In addition, the instrument features 3-step Lessons that let you practice the built-in Songs according to your level, with just your right hand, or your left hand, or both hands together, and practice the same phrases repeatedly as needed.

### ENJOYABLE AND COMPLETELY AUTHENTIC

In addition to the luscious, authentic sounds of Yamaha’s grand pianos, there are fully 650 built-in Voices, featuring realistic sounds of guitars, basses, drums, and other musical instruments. And you can play these sounds with full expressive control. Play the keys strongly and the sound gets louder. Play them softly and it becomes gentle and delicate. This touch response function brings out the most minute nuances in your performance, so you can enjoy playing to your heart’s content.



### AUTOMATIC BACKING MADE EASY

The instrument has powerful Style features that automatically add rhythm, bass and chordal backing notes to perfectly match the chords you play, and make it sound as if you’re performing with an entire backing band. There’s even a convenient Auto Chord Play function that automatically produces musically appropriate chords and helps you expand your performance range.

### PLAY AND LISTEN TO YOUR FAVORITE SONGS

There are 152 Songs built into the instrument, including famous pop, classical, and piano Songs, letting you enjoy playing and listening to your favorite music. Moreover, you can connect it to your computer and add even more of your personal favorite songs.

### REC’N’SHARE

Enhance your music practice, recording, and performance with a smart device. Use the “Rec’n’Share” app to record audio and video with your favorite songs and share your performances globally.

# THE SMART PORTABLE KEYBOARD

## FOR PIANO LOVERS

**A 61-key (NP-15) and 76-key keyboard (NP-35) that allows you to perform piano pieces with greater authenticity, without requiring much space. Although the keys have the same box shape as those on a piano, the keyboard has a lighter feel that makes it easy for novice pianists to start, rather than the weightier feel of a standard piano keyboard.**

76/61 KEYS | 15 VOICES | 25 SONGS | SONG PLAY/REC | PC CONNECTIVITY | SMART DEVICE CONNECTIVITY

## YOUR BENEFITS

### IT'S JUST SO LIGHT! YOU CAN TAKE IT ANYWHERE

Supremely light and running on just a few standard batteries, Piaggero sets you free to play anywhere, even in the great outdoors.

### A LIGHT KEYBOARD FEEL THAT MAKES PIANO PLAYING FUN!

Maybe you want to learn how to play the piano, but the keys feel so heavy you think your fingers will tire out; or maybe you think your fingers aren't strong enough to achieve sufficiently strong fortes. The Piaggero's light keyboard feel lets you experience the joy of playing a keyboard.

### EASILY RECORD SOUND AND VIDEO, AND UPLOAD YOUR OWN PERFORMANCES

If you want to take a video of your performance and share it on platforms like YouTube, TikTok and so on, Rec'n'Share is the way to go. Connect the Piaggero to your smart device, and record both video and audio at the same time to complete your video.

### THE SMART PIANIST APP

Anyone can enjoy the piano more with Smart Pianist, a dedicated app for smart devices that provides various music-related functions when connected to a compatible Yamaha piano.
